

William Cook

(330)-554-8559 | williamcook0811@gmail.com | [LinkedIn](#) | [My Website](#)

SKILLS

- Programming: Python, C++, HTML, CSS, JavaScript
- Software Development: Web Design, UI/UX Fundamentals, Version Control (Git), Tkinter (GUI Design)
- Problem Solving: Competitive Programming, Algorithm Optimization, Discrete Math
- Communication & Leadership: Team Leadership, Public Speaking, Outreach, Event Coordination

EXPERIENCE

Competitive Programming Club Officer – *Liberty University (Aug 2024 – Present)*

- For the 2025-26 academic year, I will serve as the Outreach Officer for the competitive programming team.
- Solved 100+ problems on open.kattis.com; led a team to **6th place** in 2024 ICPC Mid-Atlantic Regionals.
- Learned how to optimize code to solve a problem as quickly as possible.

Software Development Club Member – *Liberty University (Jan 2025 – Present)*

- Learned various techniques and libraries that aid in the software development process. Through this club, I have had the opportunity to participate in hackathons and listen to speakers to further my knowledge in software development.

Cyber Defense Club Member – *Liberty University (Aug 2024 – December 2024)*

- Promoted network and computer defense skills.
